The Inner and Outer Spectrum

As spiritual beings living a human experience, we live from both the inner and outer spectrums of life. We process internally or inwardly through our thoughts and emotions. We express outwardly as we interact with others and life. Both provide information, color, and flavor to the whole experience of life. Both have depth and breadth and help shape our combined reality. Both the inner and outward spectrums are necessary for our growth and evolution. When in alignment, they work in harmony and healthy partnership in our lived experiences.
