Living Out Loud!
Root and Reboot - The Internal Voice**

Faith is a certain definite mental attitude.... Faith is an affirmative way of using this Law, this Energy, this Force.

Online Sunday Gathering
Inspirational Service 11:00am
(Broadcast will start at 10:55am with announcements and video)
Community Zoom Conversation
12:00pm

Special Note: Starting Jan 1, we will no longer begin service with meditation. We will begin the livestream at 10:55am with announcements and the video of our last social gathering -- service will begin as usual at 11am. We made this decision to curtail meditation for a time because it appears that we are not reaching folks with this activity. If you have comment or feedback for us regarding this decision, we would love to hear from you. Please email stgeorgecsl@gmail.com. **Blessings to all.**

The Internal Song

People often talk of old tapes that run through their minds. Perhaps it's the voice of a parent or teacher, who was trying to guide you in your youth, however unskillfully. This voice can later become internalized as a beating drum that undermines our choice to grow and to experience a more fulfilling life. Spiritual Mind Treatment, a key practice in Religious Science, counters and even silences this ego voice by replacing these tapes with affirmative prayer that supports the individual. Through ongoing practice, we begin to hear more clearly the internal song that continuously plays with and for us.
