Awakening to Your Purpose
Week of August 6, 2023

There is no greater gift you can give or receive than to honor your calling. It's why you were born. And how you become most truly alive.

Guest Musician This Week
Bobbie Lee

Donnie Lee is a musician, songwriter and the music director of CSL Southern Nevada. His experience as a licensed and board certified music therapist allows him to effectively use

music to support healthy thoughts and emotion. His passion for music began in his childhood, coming from a family of musicians, as he learned to sing and play bass guitar. Donnie studied music education, composition and music therapy at West Virginia University learning multiple styles of music and applying music in diverse spiritual settings. With his primary focus and application of music therapy now being mental health and recovery, Donnie seeks to expand the application of music as a healing modality to support an awareness of love and wholeness for people from all walks of life.

August 6th Awakening to Your Purpose

Some people are not aware of their passion and dismiss the concept, believing they don't have even one! Perhaps the word passion has become too obscure and elusive. One way to awaken our passion or discover it, is to substitute the word Joy. What brought you joy as a child? Uncovering this can reveal something more profound.
