Playing with Paradox

Shaking Up Our Worldview**

**It's a paradox of the true spiritual path,
but the more conscious we become of what limits us,
the more limitless becomes our life.**

*Shaking Up Our
Worldview*

Paradox calls us to be both curious and vulnerable. In our society, we are often taught that knowing and being right is more important than curiosity. We are also taught that we should only show the best parts of ourselves to the

world, giving people the social media highlight reel rather than the behind-the-scenes mess that often exists. Yet playing with paradoxes offers us the ability to stay open to many perspectives, to not know, and to be vulnerable and uncertain. Approaching the unanswerable questions of the Universe with playfulness provides us with a unique opportunity to simply be, without needing to be right, or even know what right is.
